

2007 Idaho Earth Science Teachers Summer Field Workshop

WORKSHOP EVALUATION

Evaluations Returned: 10/14 (71.4%)

Questions and Results:

1. The Field Trips (Yellowstone, Hebgen lake, Mesa Falls) were useful and a good learning experience.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
0	0	0	1	9

2. The Activities (Time Line, Terraces, Rock Collection, Radioactivity-Dating, Geologic Traverse) were useful and a good learning experience.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
0	0	1	3	6

3. I found the workshop level in terms of geologic knowledge too high.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
2	6	2		

4. The Out of the Rock workshop was useful and added to my knowledge.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
0	0	0	7	3

5. The workshop pamphlet was helpful and added to my knowledge.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
0	1	0	4	5

6. I found the Project helpful in development material relevant to my own classroom needs.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
0	0	0	3	7

7. Rate the overall quality of the Workshop.
