DIRECTORY OF MINING OPERATIONS IN IDAHO, 1983

Compiled by
Serena Smith¹

INTRODUCTION

This directory of recent mining operations in Idaho was compiled from information primarily supplied by these sources:

Idaho Department of Lands
Bureau of Minerals
Room 121, Statehouse
Boise, ID 83720
(208) 334-3569

U. S. Department of the Interior
Bureau of Mines
Western Field Operations Center
E. 360 Third Avenue
Spokane, WA 99202
(509) 456-7737

U. S. Department of Labor
Mine Safety and Health Administration
Health and Safety Analysis Center
P.O. Box 25367
Denver, CO 80225

Additional information was taken from the Idaho Mining Association's *1980-81 Guide and Directory*, the U. S. Bureau of Mines' *Minerals Yearbook, 1980*, and the Idaho Bureau of Mines and Geology's report to the Northwest Mining Association on the mining industry in Idaho for 1982. Personnel at the Spokane Stock Exchange and the U. S. Bureau of Land Management's office in Pocatello also provided helpful information.

The directory is divided into sections of active and inactive mining, which are further subdivided into underground and surface operations. Every effort has been made to make the directory complete and accurate; however, any additions or corrections should be sent to the Idaho Bureau of Mines and Geology.

¹Idaho Bureau of Mines and Geology, Moscow, Idaho 83843.
